## How to sign into Google Chrome

Chrome is a browser that lets you access the internet, it's put out by Google. This is NOT your gmail, this is the browser that lets you access the internet. By logging into Chrome, all of your Favorites, Booksmarks, etc. can follow you from device to device.

Here are the steps:

1. Open Chrome

2. Locate and click the three dots in the upper right of the tool bar

3. Go to settings

New tab			Ctrl+T
New window	New window		Ctrl+N
New incogn	ito windo	w Ctrl+S	hift+N
History			+
Downloads			Ctrl+J
Bookmarks			•
Zoom	- 10	- %00	50
Print			Ctrl+P
Cast			
Find			Ctrl+F
More tools			•
Edit	Cut	Сору	Paste
Settings			
Help			Þ
Exit	Exit Ctrl+Shift		hift+Q

## 4. Click on the Sign In button

5. Chrome will prompt you for your email, type in:

6. Keep typing .net until you get to the ASD page, then type in your user name and password for ASD.

	Anchorage School District Educating All Students for Success in Life				
Sign in with your organizational account					
murphy_pat@asdk12.org					
Sign in					

By using ASD services, you agree to follow school and federal guidelines around FERPA and COPPA.

7. When you are done, if you go back to settings, the top of the settings page will have your name.

Peo	ple		
	<b>A</b> . ©	Pat Murphy Syncing to murphy_pat@asdk12.net	Turn off
	.6	Sync	

Now everytime you open Chrome on your computer it will automatically log you into Chrome. If you go to a different computer, say your home computer, and sign into Chrome on that device all of your Favorites, Booksmarks etc will show up there as well.
